OFFERORS SHOULD NOT SUBMIT ANY ADDITIONAL INFORMATION WITH THEIR QUOTE.

After the solicitation closing date, the Contracting Officer may require an Offeror to promptly submit information to demonstrate the Offeror is responsible. (See 52.212-2).

All questions shall be submitted via email to <u>robert.s.edwards1@navy.mil</u> NO PHONE CALLS WILL BE ACCEPTED. All questions will be reviewed and responded to by an amendment to the solicitation.

52.212-2 EVALUATION--COMMERCIAL ITEMS (OCT 2014)

Award Consideration

The Government will make a single award using the low price technically acceptable ("LPTA") source selection. The Government intends to award on initial offers but reserves the right to conduct discussions.

To be determined technically acceptable, an Offeror must submit a quote that does not take exception to any terms of the solicitation. The Contracting Officer will use the following rating table:

Rating	Description
Acceptable	Quote does not take exception to any term of
	solicitation and therefore clearly meets the
	requirements of the solicitation.
Unacceptable	Quote takes exception to a solicitation term(s) and
	therefore does not clearly meet the requirements of the
	solicitation.

Price will be evaluated by totaling the prices for all line items and subline items, including options, for which the Government has requested the Offeror provide a price.

An award will only be made to an Offeror that satisfies the general responsibility standards of FAR 9.104-1.

The Contracting Officer may either make a responsibility determination without requesting any information from an Offeror or require the Offeror provide information to substantiate that it satisfies the general responsibility standards of FAR 9.104-1. The particular information requested from an Offeror will be specific to that Offeror. For example, an Offeror that the Contracting Officer is less familiar with may be required to provide information not required from another Offeror. The Contracting Officer may consider an Offeror's inability to promptly respond to a request for information as an indication the Offeror is nonresponsible since FAR 9.103(c) obligates prospective Contractors to affirmatively demonstrate their responsibility.

When the Contracting Officer requests responsibility information, the Contracting Officer's request, the Offeror's response, and all related communications between the Government and Offeror are solely for the purpose of determining whether the Offeror is responsible. These communications will not constitute discussions within the meaning of FAR 15.306 since the Offeror will not be given an opportunity to revise its proposal.

While the Contracting Officer may require the Offeror to provide any information related to the standards at FAR 9.104-1, the following are examples of information that may be required:

- 1. A demonstration, through information such as bank references and financial information (e.g., most current annual balance sheet), that the Offeror has adequate financial resources to perform the contract.
- 2. A demonstration the Offeror's price is not so low as to call into question the Offeror's capability to successfully perform the contract.
- 3. Past performance information on recent contracts for items similar to this requirement, including a point of contact for the Government activity or commercial entity customer.
- 4. A demonstration the Offeror can comply with the required performance schedule, including a transition plan.
- 5. A demonstration the Offeror has, or can obtain, the organizational, management and technical skills to successfully perform. This demonstration may involve the particular personnel and approaches available to the Offeror.
- 6. The Offeror's quality assurance procedures.
- 7. The equipment and facilities the Contractor will use.
- 8. Information demonstrating a proposed Subcontractor satisfies the FAR 9.104-1 general standards of responsibility.
- 9. Completion of the Representations and Certifications under 52.212-3 Alt I contained in this solicitation.
- 10. A demonstration the Offeror isn't an inverted domestic corporation.
- 11. Certificate of registration of the company.
- 12. A demonstration the Offeror has all registrations, permits and licenses required to perform the contract in the locations for which the Offeror is proposing.
- 13. In the event the Offeror is a joint venture, a Memorandum of Association which indicates who has the authority to bind the company.

Nothing in this provision limits the Contracting Officer's discretion to rely on information available from other sources (e.g., past performance data bases, discussions with other entities familiar with the Offeror) or to use any other technique described FAR 9.1 when determining whether the Offeror satisfies the FAR 9.104-1 general responsibility standards.

The Offeror shall complete only paragraph (b) of this provision if the Offeror has completed the annual representations and certification electronically via the System for Award Management (SAM) Web site accessed through http://www.acquisition.gov. If the Offeror has not completed the annual representations and certifications electronically, the Offeror shall complete only paragraphs (c) through (p) of this provision.

- (B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.
- (ii) Examples.

- (A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
- (C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.
- (D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
